Career objectives

Experienced, diplomatic, and results-oriented, I offer senior management the leadership in digitalizing processes. While I am hands-on in my approach, I occasionally delegate tasks to my staff, remaining actively involved as the responsible leader of the initiative. My aim is to ensure your satisfaction while gradually fostering growth within the Siliki group..

Diplomatic	■ ■ ■ ■ ■

2023-2024

Biz Analyst Finance API – Taleo for Allianz-Trade - Courbevoie (FR)

My mission was to streamline data exchanges with SAP ECC6:

- Deployment of the customer Masterdata flow via streaming (pseudo real-time)
- Deployment of the international sanctions flow via streaming
- Specification of an API exposing client invoice and payment information

I was lead on Sanctions & Invoice API

2022-2023

Biz Analyst / Manager – JICAP for the ENGIE group - Courbevoie (FR)

In a group restructuring context, ENGIE defined its finance and procurement core-model. My mission involved leading meetings to gather, formalize, and structure business needs into the requirement document for the target organization, software vendors, and integrators.. Then I was involved in validating functional specs.

I was lead on SRM, Qualification & Categ Management.

2018-2022

Project Director –Econocom Group - Puteaux (FR)

Synertrade is a SaaS software vendor specialized in digitalizing the procurement function through its Source-to-Pay (S2P) suite. My projects include CMA-CGM, Virbac, Schneider Electric, Vinci Immobilier, L'Occitane, and others.

Tools : Lobster Data, SAP modules MM AP AR, D&B, Ecovadis, Itesoft...

2017-2019

Rollout & Production Manager - MedicalCard Solutions – Douala (CM)

MCS is a web and mobile software editor offering an online medical record system.

Responsibilities include technology selection, design, and rollouting.

2016-2017

Dir. de projet Freelance - Axa Group Solutions - Courbevoie (FR)

Build coordination : Roll the SAP AP AR Ariba on premise e-procurement core-model into the LPI group: Planning, budget, needs expression, gap analysis, Scope : P2P

2005-2015

Consultant / support applicatif – Atos intégration > Consulting - Bezons (FR)

For Total Holding : SAP Ariba e@sy (e-sourcing), Ariba Cloud P2P, Ariba Network and dataflows. For Renault (New vehicles logistics & transport), For Volkswagen (ERP SAP FiCO & Cross rollout)

Education / academic background

- 2013 **SAP Fi Co user – Porsche Informatik Academy, Vienne, Autriche**
- 2012 **Enterprise Cloud Architecture – Pythagore FD, Paris, France**
- 2009 **EDI & fiscal dematerialization – GS1, Issy les Moulinaux (FR)**
